Dear Diana,

On behalf of the Rye Brook Seniors, I want to thank you so much for the Famous Artist program that you have been providing for the Rye Brook Seniors for several years now. This is a wonderful program that has a strong following. Vera Rooney is a fabulous docent and we are so grateful for her knowledge and style of presentation. This is the kind of program that pulls in those seniors who belong to the Center, but only attend when there is something offered that really interests them.

As you know, I will be retiring at the end of July. I know that the new director will be delighted to have this program continue. I will be sure to leave information in the office for the new director to contact you. It has been a pleasure to work with you and I am grateful that you continue to support the programming at the Rye Brook Senior Center.

Sincerely,

Jean Gesoff
Coordinator, Senior Services
